

# CSI Las Vegas March 9<sup>th</sup> Meeting

## "Platinum Lessons from LEED: Designing, Constructing and Living in High Performance Buildings"

Please join us for an evening focusing on Lessons from LEED” presented in a way that all can understand. Our speaker will be Jeff Roberts; Principal with Lucchesi, Galati, Architects Inc. Jeff is a long time resident of Las Vegas and a lead designer with LGA.

We are looking forward to an interactive lecture and discussion on the lessons that can be learned in developing High Performance Buildings and the LEED review process for them. We will discuss the LEED Platinum buildings in Southern Nevada, located at the Springs Preserve, and the challenges in meeting the credits along the review process. In addition, how do the buildings perform now versus the way they were designed and a frank discussion on how the buildings are operated and maintained today.

**Please join us for an entertaining and informative dinner and program, and remember your food donations for Three Square!**

**Bring a guest to dinner...it might change someone’s life!**
